

## COMPASS FOR YOUR CAUSE

**June 19, 2017:** Brantwood is partnering with BBVA Compass to offer our supporters a program called *Compass for Your Cause*. You can support Brantwood by doing something many of you do virtually every day- use your debit card for every day purchases.

Open a BBVA Compass account at the down town branch (we love Daniel Paulk) and mention Brantwood's Compass for Your Cause program during the initial set up. Brantwood will receive a \$50 donation from BBVA Compass for each new account opened in the program. If you have an existing BBVA Compass account, contact Daniel so that your debit card, and therefore purchases, can be encoded to Brantwood. For each qualifying transaction our Compass for Your Cause members make with their debit card, BBVA Compass will donate 0.25% of the amount of your purchase to Brantwood.

It's that simple. You get to give back while your shop. There's little administration on the part of Brantwood and little effort on the part of participants who want to support our mission. That small effort adds up quickly though.
