

A Letter from Our Interim Executive Director

Brantwood Family,

It is with great pleasure that I greet you as the new Interim Executive Director. I am looking forward to working alongside extraordinary staff, volunteers, donors, and others in this new capacity.

As you all know, I have served in several different positions at Brantwood throughout more than 20 years. During my tenure here, I have seen considerable growth and expansion. Also, I have seen so many of our children, now adults, go on to be the successes they were destined to be. It is with that knowledge that I anticipate continued growth and strength in our *family*- those who have chosen to play a part in the raising of our children. Together, we will continue to give hope to those currently in our care and those becoming a part of our family soon.

I am thankful to be a part of this great organization.

Gratefully,

Gerald Jones
Brantwood Children's Home
Interim Executive Director
